Company
of the group

WUJIANG POLIMIROIR INDUSTRIAL ROLLS is specialized in coatings by thermal spraying, and in the manufacturing and maintenance of industrial rolls.

Market sectors:

Plastic industries • Iron and Steel industry • Aeronautics • Energy
• Oil industry • Power generation industry

Polishing operation on chill roll

Individual rolls quality control

Assistance and training by our French team

• Maximum Capacities:

- Diameter: 2,1 m
- Length: 8 m
- Weight: 10 t

• Thermal spray technologies:

- HVOF LF spraying
- Atmospheric Plasma Spraying

• Production equipments:

integrating the most specific and efficient materials for:
turning, grinding, welding, balancing, polishing, superfinish, shot peening.

• Expertise in surface finishes:

A wide range of roughness values from Ra 0,01 μm up to Ra 20 μm .

• Qualifications:

ISO 9001, EN9100 and Nadcap in progress.
